A MESSAGE FROM YOUR MINISTER...

*In out of the way places of the heart
Where your thoughts never think to wander
This beginning has been quietly forming
Waiting until you were ready to emerge.*

*For a long time it has watched your desire
Feeling the emptiness grow inside you
Noticing how you willed yourself on
Still unable to leave what you had outgrown....*

*Then the delight, when your courage kindled,
And out you stepped onto new ground,
Your eyes young again with energy and dream
A path of plenitude opening before you.*

*Though your destination is not clear
You can trust the promise of this opening;
Unfurl yourself into the grace of beginning
That is one with your life's desire.....John O'Donohue*

Dear Friend,

Welcome to the gift of a brand new year--the grace of a new beginning (and a leap year to boot!).

I'm not one to make New Year's "resolutions," but I do get a clear sense of "beginning anew" at this time of year. I am also mindful that something has to end for something new to begin in our lives.

What needs to end in your life in order to make room for the "beginning that has been quietly forming, waiting until you were ready to emerge?" My New Year's prayer for you is that you do indeed do *whatever you need to do* in your life to unfurl yourself into the grace of this new beginning...

May 2016 be one of the best years of your life!!

Catherine

Happy New Year!

Ringing in the New Year!

Welcome back and so many thanks to everyone who made all our holiday festivities so special. We will be trying some (sort of) new things this January and enjoying some old favorites. On the sort of new side, the children in grades K-6 will spend six weeks (January 10 – Feb. 14) exploring all the meanings of home – comfort, belonging, identity, spiritual and material. This multi-age project is called “The Heart of Home.” They will be building the Church Streetardboard houses, as a part of their exploration. **(If you have any large cardboard boxes, we would appreciate the donation.)** On Feb. 14 we will have an intergenerational service with a presentation by the younger children and also a contribution from the youth and adults who went on the mission trip to West Virginia last year.

The interim process is largely a matter of sifting through old and new ideas and trying to determine what suits us today. It is always important to keep in mind that the underlying mission of the R.E. program is to provide a spiritual home for our children. The details, shape or size of that program may change with the times – much like your winter coat, that keeps you warm, probably looks different from the one you wore as a kid – but the mission remains the same. Towards the end of January you will be receiving a survey asking you what you think the program should look like going forward. You will be asked to dream, but also to tell us what tradeoffs and compromises you might be willing to make. We live in a world of limited human and financial resources and we must be wise stewards of those resources.

But, we will also have some fun. On January 31 the HIP Youth Group is sponsoring a fun filled night of BINGO! and food. Tickets will be on sale at coffee hour starting January 10. The cost is \$10 for adults, \$5 for children to a family max of \$25. (Please note there will be NO cash prizes.) We are looking for donations of new or nearly new items for this popular event. This is a great re-gifting opportunity! Please contact Ruth with any donations.

**How Wealth Inequality is Wrecking the World and What We Can Do About It
*followed by book sales and signing in the Harvey Assembly Hall***

The focus of the worldwide Occupy protests is creating a world that works for 99% of people and businesses, not just the richest and most powerful 1%. But who are the 99%? Who are the 1%? How extensive and systemic is inequality in different areas of society? What are its causes and consequence? How is inequality changing in our world? And what can be done about it? For many years Chuck Collins has been a top leader in studying, speaking about, and writing about these questions. In this book he brings together in one place, for the first time, information that has been widely scattered in many different articles, reports, and websites.

The 99 to 1 How Wealth Inequality is Wrecking the World and What We Can Do About It Service is sponsored by the Social Justice Committee.

Chuck Collins' book, 99 to 1, is our First Parish Church "All Church Read".

A special collection will be taken for our local Head Start Schools that serve our community's poorest and most vulnerable children ages 2.9 to 6 years.

Special Collection for Head Start on Jan. 24th

Chuck Collins, author of *99 to One*, will speak about the inequality that causes so many families to have both parents working at low paying jobs, anxious about meeting the daily needs of their family. For them Head Start is the answer to childcare and to a pre-school experience that helps them learn how to learn. Head Start's commitment is to give every vulnerable child an opportunity to succeed.

However, federal funding for Head Start has been lowered over the years. Students enrolled at Head Start are the poorest and most vulnerable children ages 2.9 to 6 years old. The students have social, emotional and behavioral skill development needs on top of academic school readiness skills. Our local Head Start schools have an annual budget of \$50 per classroom for field trips. Children stay inside in the winter due to lack of proper winter outerwear and/or the unaccessible playground and when the children do go outside, they play in small playground with plastic toys.

Children do not have a chance to learn about the outside world of nature. There is not enough money to bus a class to a zoo, a farm, a park, or a museum. There is not enough money to have experts in nature or history come to a class.

We will have a special collection for our local Head Start school to provide materials, field trips, and teacher training. Head Start will use the funds to help develop the social, emotional, behavioral and school readiness skills that our community's most vulnerable children require. Our collection will be on Jan 24th. Checks should be made out to First Parish with Head Start in the memo.

Overnights of Hospitality – Want to Help?

The **Plymouth Task Force to End Homelessness** provides permanent housing coupled with supportive services to homeless individuals in our area. But there is often need for short-term emergency sheltering for individuals before they can find housing that will meet their long term needs. The **Overnights of Hospitality** program provides that emergency sheltering for homeless men in the winter. We at First Parish support **Overnights of Hospitality** by cooking and serving meals for about 20 men twice monthly. It is a great way to lend a hand to those in acute need in our community.

Upcoming opportunities to help: Cooks and servers are needed for the following dates: 1/7, 2/4, 2/14, 3/3. We will pair you with someone who knows the ropes and provide you with all the information you need. Nothing fancy is required! Mark your calendars and contact Mary Flanagan: mcflanagan46@comcast.net or 781-934-8125. Or stop by to get your questions answered and sign up at the Social Justice table after church.

Guest At Your Table Thank You!

Thank you for your generous contributions to UUSC through our Guest At Your Table initiative during this past holiday season. \$1,166 was collected in boxes and from the plate. A final tally, which will include contributions sent directly to UUSC, will be available soon. If you missed the GAYT opportunity to give to UUSC, you can donate on line at uusuc.org/donate. Gifts of \$125 or more are eligible to be matched dollar for dollar by the Unitarian Universalist Congregation at Shelter Rock in Manhasset, N.Y. We hope that UUSC and its human rights work was a part of the meaning of this season for you and your family. In our country and around the world, oppressed, marginalized people thank you.

**Organ Restoration Fund Drive Nears Goal**

Thanks to the generosity of church members and friends and the community at large, our organ restoration fund drive has raised more than \$34,000 in the past month. The public appeal’s goal was \$40,000, to match \$40,000 pledged from cell funds by the church’s Governing Board. With one major gift promised but not yet received, it is expected that the drive will reach or surpass its goal this month.

With the success of the drive in sight, the Organ Restoration Task Force is working to develop a contract with the Andover Organ Company to rebuild the tracker-action organ, which was built in 1853 by Boston organ builder William B.D. Simmons. The actual restoration work will begin a year from now and is expected to take about ten months. The organ will be removed from the choir loft after next Christmas and taken to the company’s workshop. It is expected to be reinstalled before Thanksgiving of 2017.

The total cost of the project, which will include a slight expansion of the instrument, is estimated at \$465,000. Before launching the public appeal, we had raised \$382,000. Although the goal has nearly been met, donations are still being accepted. They may be one-time gifts or pledges to be paid by September 2017. If the drive exceeds its goal, we will be able to reduce our use of cell funds, leaving those funds available for other church projects. For information on how to contribute, please contact the church office.

President’s Letter

Welcome to 2016!

Congratulations to the Organ Restoration Task Force Team on the drive to complete the Organ Restoration Fund! They have reached their goal so in a few days we will sign a contract with Andover Organ to restore our organ, with the work scheduled to begin after this year’s Christmas Eve Service. Thanks to everyone who participated.

There are a couple of concerns that have been brought up recently that I will pass on here.

The shed is used by the Social Justice Committee as a gathering place for donations to the Box Project. We need to keep the tables empty and the space open. Therefore we cannot accept items for the Summer Fair until we call for donations. People have also placed items in the shed without protection; crowding in the shed requires moving these items around which is difficult and can cause damage.

The Governing Board is looking to create policy about the requests the church makes for monetary and other donations, such as special collections. The goal is to coordinate these collections and communicate about their scheduling and frequency. If you have questions or insights into this issue, please share them with me or anyone on the Governing Board.

Worship and Music Committee

Worship & Music Committee Report on Actions Taken as a Result of the Spring 2015 Worship & Music Survey

Our thanks again to the Congregation for their efforts to complete our most recent survey and to provide thoughtful feedback on our worship practices. With nearly 180 responses we believe this survey had among the broadest participation of any recent survey done by the church.

The survey results have been used by the Committee to both reaffirm some practices and to initiate small changes in others.

Among the areas where our analysis of the survey results indicated that some adjustment in our practices, or emphases in our practices might be appropriate included the following: (1) making more use of a variety of prayer practices during our worship services; (2) planning for more intergenerational worship services as part of our worship calendar; (3) planning for including more musical styles as part of our worship practice; and (4) improving the sound system. (Note in regard to this last point: We are making progress, including advanced discussions with potential vendors, in plans for a further upgrading of our sound system.) The committee is working hard to implement these adjustments in ways that are supportive of the diversity of views within the congregation.

In other areas the worship survey results supported continuation of a number of our practices. For example, there was broad support for the quality and variety or range of Catherine's sermons. That was certainly reassuring and very valuable information to have. Similarly, the congregation was supportive of entrusting Catherine and the Worship & Music Committee with the broad discretion to select themes for worship services, including the focusing of particular Sundays on the work of various groups or committees in the church, (e.g. Youth, Alliance, Welcoming Congregation, Social Justice, etc.) Thus no major changes are likely there, except as individual circumstances might make appropriate. The manner in which Joys & Concerns and Announcements are recognized also received broad support, thus reaffirming continuation of our current practices.

The Worship & Music Committee strives to help make the worship experience at the church as meaningful and as supportive of the spiritual needs of the congregation as we possibly can. If you have any comments or concerns, please bring them to the attention of our Chair, Jim Hamilton, or any of the other members of the Committee.

Partner Church News

We received this e-mail on Dec. 23rd from Lorant Barabas who is on the Board of Trustees of our partner church in Nyaradszereda, Transylvania. We are in touch with Lorant on a regular basis and are fortunate that he is a good friend whose English is a whole lot better than our Hungarian. He cares deeply about his church, and worked tirelessly to help get it built. It is important to understand that the bells in the church are a symbol of the congregation's religion. The Unitarian church stands in the town of Nyaradszereda surrounded by three churches who have bells.

Dear Friends. In occasion of this Christmas season we the Board of Trustees from Nyaradszereda think with love to you and we wish you all the best in this holy season of years! We are happy to be partner church with you. We started this journey at 2004 when we started our building project. Meanwhile we visited you and you visited us, too. Right now in our church building we have electric heating on our benches and also thermo-motive system for heating the air inside the building. We are not going to heat outside the building with this thermo-motive system ... you may understand why :) . But we do have other thing to do in outside the building: in tower we are working to have bells. We thank you for your donations for this purpose, and we also donate for this goal and we wrote applications for financial helps we also gained. We are closed to have financial base for a bell and now we hope to work with this in this coming year. We hope to have two bells, at list because this is important in our tradition and this is what the pragmatic present asking for. When we thank your donations for bells I am letting you know the results of this work we inform you about possibilities of donating in continuation for this second bell. Please donate for this project to see how we finish our church building project. We hope to hear in our bells your beating of hearts as we experience in power of walls and on warm air in Church inside. And we hope to have more visits from you and to have more visits from us visiting you sometime in future! Yours from who visited us and I am writing in the name of Board of Trustees: Lorant

The Partner Church Committee will meet this month to discuss what we can do to help with the funds we have available.

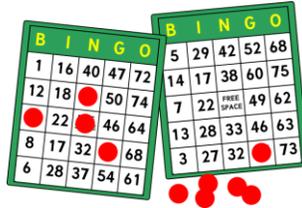

Volunteer Needed to Edit and Post Worship Service Recordings

The Worship-Music Committee is looking for a volunteer with computer/web skills to take over the role of editing and posting the audio recordings of our worship services on the church web site. This is an important task that helps the church broaden its reach and bring the worship experience to those who can't attend on any given Sunday. If this opportunity is of interest to you, please contact me or any member of the Worship-Music Committee. I'd also like to take this opportunity to thank Jon Lehman who has dedicated his time and efforts to this task for many years. Thank you, Jon!

**THE DUXBURY SENIOR CENTER AND THE DUXBURY INTERFAITH
COUNCIL TEAM UP FOR “BLACK TIE BINGO”
TO RAISE REVENUE FOR THOSE WHO NEED FUEL ASSISTANCE
JANUARY 23, 2016**

Black Tie Bingo is not your average Bingo game at the Duxbury Senior Center. This time, it has a higher purpose, raising money for those in need of fuel assistance. In partnership with the Duxbury Interfaith Council, this fundraiser is for people of all ages and backgrounds who are without heat, in what is typically a very long and cold winter. Our own, Rev. Catherine Cullen is the Chair!!

Not paying for medications, or not paying rent or the monthly mortgage as a replacement for fuel, can cause unbearable strain. Both organizations see this on a daily basis, as we help the record number of families applying for assistance in 2015-2016. The cutbacks in the program have created additional strain, and we hope to fill some gaps.

Black Tie Bingo offers hope to everyone struggling with these problems without giving up other of life's necessities, and will do so by holding this unique fundraiser that includes people, young and old, in Duxbury. Local business have generously contributed \$250 to be bingo game sponsors or by offering gift certificates for game winners. From door prizes to appetizers and desserts, January 24th can change the lives of your friends, neighbors and relatives.

Tickets can be purchased for \$50 a person at the Senior Center or at Westwinds Bookstore. The event takes place on January 23 from 6-10 PM at the Senior Center. All are welcome to help support this very important cause!

SMALL GROUP SIGN-UPS IN FEBRUARY!!!

During the month of February, everyone who is interested will have the opportunity to sign up to participate in Small Groups. Look for us during coffee hour at a table or give us a shout. If you know about the program, great, but if not, here is a little information!

Small Groups are designed to foster connection and caring, to provide an avenue for personal and spiritual growth and ultimately to strengthen the fabric of our church community. Small Groups are open to anyone who might wish to participate. The groups are guided by facilitators, gather either once or twice a month, meet in people's homes, or at church, and follow prepared session plans. Groups are always open to new members. They provide opportunities to serve either the church community or the larger community outside the church in a group setting. Back when the program started, in Unitarian Universalist churches, the Rev. Glenn Turner said: "people come to us seeking intimacy and spiritual growth, and that too often all we have to offer are committee meetings." Now committee meetings are very important to the work of the church, but so are opportunities for more personal connections.

Are you interested in joining a small group or would you like to talk to someone more about it? We have a specific NEED now for a FEW GOOD MEN for a Wednesday evening group that meets monthly on the first Wednesday of the month. There are openings in other groups as well.

Please contact any member of the Small Group Steering Committee for more information.
